

# **JUSTICE FOR GENETTE TATE**

## **33 YEARS BUT NOT TOO LATE.....**

**On 19<sup>th</sup> August 1978 Aylesbeare schoolgirl Genette Tate was abducted and murdered. For at least 28 years the Devon and Cornwall Police have known the identity of a Prime Suspect in relation to this tragic case yet nothing has been done. The local man in question, the man the Police “cannot rule out of their enquiries”, admitted his crime to a close friend and confidant, and committed another brutal murder in Exeter in 1982. He has never been questioned about Genette.**

**It is time to end this disgusting cover up.**
